

PIE AUCTION FUNDRAISING TIPS

Keep track of your funds on the pie auction local support collection form. If possible, please type this form listing your donors from highest sponsorship to lowest sponsorship. It is important that any money pre-fundraised and listed on your sheet is included in your manilla envelope (check/cash) if you want it to count towards your pie in advance. It is important you still have at least 2 individuals in attendance bidding on your pie during the auction regardless of if you pre-fundraised. The amount your pre-fundraised will be added towards whatever your pie sells for that night for a grand total.
